**UNIVERSITY OF TARTU**

**Company/Idea name: University of Tartu**

**Field:** Research and Development institution. Support unit:  
Centre for Entrepreneurship and Innovation

**Short description:** Supporting the creation of a spin-off business: Each year, members of the University of Tartu create a large amount of new knowledge. A lot of this knowledge can be “translated” into products and services that the market may be interested in. The University of Tartu supports members of the academic family – researchers, employees, students and alumni – in the creation and development of knowledge-based enterprises.

**Cooperation interests:** Find collaborators, learn best practices.
